TO OUR PATRONS.

WE have reason to be thankful for the very liberal patronage you have given us in the past year. In the future we will be better prepared to serve you than ever before, having constructed a large two story building, 110 feet long by 56 feet wide. We are located in Southwestern Iowa, 45 miles from Omaha, Neb., on the Chicago, Burlington & Quincy; Wabash, St. Louis & Pacific, and the Humeston & Shenandoah Railroads.

ROOT GRAFTS.

For many years we have made a specialty of making Root Grafts for the wholesale trade, as well as for our own planting. We grow our own Seedlings and Scions, and have old experienced help that have been with us for years, which enables us to supply the trade with a superior article and at prices as low as anyone, quality of stock considered.

We prefer the Piece-Root Graft, using about three inches of root and six inches of scion, but we are prepared to make any style wanted with any length of root or scion.

Our Grafts are wrapped with a waxed thread specially prepared for the purpose, which holds them firm. They are then tied 100 in a bunch with labels on each bunch and packed away to callous.

We set apart our best material and most competent help for our graft orders. Each order is grafted by itself and packed separate until shipped.

It is important that orders should be sent in early while our assortment is complete and that they may have time to callous before planting time.

As our Grafts are put up in bunches of 100, do not order a less amount of any one kind. Grafts boxed free.

We make a reasonable charge for Boxing the above Seedlings.
